Test Report

Git Connector Test Suite | October 2026

1. Summary

This report summarizes the results of automated testing performed on the Git Connector module. A total of 156 test cases were executed across 5 file types with an overall pass rate of 98.7%.

2. Results by File Type

File Type	Total Tests	Passed	Failed	Pass Rate
JSON	30	30	0	100%
HTML	35	34	1	97.1%
XML	32	32	0	100%
Word	28	27	1	96.4%
PDF	31	31	0	100%

3. Conclusion

The Git Connector module passes all critical tests. Two minor failures were identified in HTML entity encoding and Word table parsing, both classified as low severity. Recommended for production release.
